

Why Brunswick Tires Win Preference

There are two main reasons—one, the name itself, which certifies superfine value—the other, that time tells the same story.

Thus reputation and performance unite in giving you all you expect—and more.

Yet Brunswicks cost no more than like-type tires. Many motorists would pay more readily, but the Brunswick idea is to GIVE the utmost, rather than to GET the utmost. And this has been true since 1845. You can appreciate what Brunswick Standards mean by trying ONE Brunswick Tire. It will be a revelation. You'll agree that you could not buy a better, regardless of price.

And, like other motorists, you'll decide to have ALL Brunswicks. Then you'll know supreme satisfaction from your tires—longer life, minimum trouble, lower cost.

"That Telephone is in Trouble—"

The "inside plant" of the telephone exchange is made up of delicate and intricate apparatus—and no such machinery is entirely "trouble-less."

The signal that operates on the switchboard when you call might "burn out" or stick—then you can't get "Central." The fuse in your line on the "main frame" may blow out—then your telephone is "dead."

Switchboard cords are small flexible cables of many tiny wires; several of the little wires frequently snap from constant handling, then your connection "cuts off."

The apparatus is sensitive to extremes of heat or cold, dust or moisture. It is constantly watched and tested, but no precaution can eliminate all the trouble—these are just a few samples of the things that happen.

Considering all the electrical apparatus and connections involved in a telephone call, it is not surprising that things occasionally go wrong!

BROKERS BLAMED FOR HIGH COST OF NEWSPRINT PAPER

"Absurdly" higher prices for newsprint paper bought on the spot market are due to a "corner" resulting naturally from the present shortage, George McAneny, executive manager of the New York Times, declared before the Senate committee investigating the paper situation. The market is two or three times as much as that for paper bought under contracts, he said.

Brokers and small manufacturers were blamed by McAneny for the high prices. Answering a question by Senator James A. Reed, Democrat, of Missouri, as to whether there was profiteering, he said: "They are selling the paper."

Frank P. Glass, of Birmingham, Ala., until recently president of the American Publishers' Association, described spot market prices as "excessive."

Charles Lane, of the New York Evening Post, and Mr. McAneny, suggested the best remedy for the spot market condition was for publishers to stop competitive bidding.

LOOKS FIFTEEN YEARS YOUNGER

Her Relatives Gave Up Hope of Mrs. Taylor's Recovery—Tanlac Proves Merit

"A few weeks ago my friends and relatives didn't expect me to live much longer, but now they are all telling me that I look fifteen years younger," said Mrs. Minnie G. Taylor, 310 Twenty-first street, Huntington, W. Va., while telling of her wonderful recovery to a special Tanlac representative who had heard of her remarkable case and had called to ascertain the facts.

"During the past year I have suffered more than words can express and I just hate to think of the terrible condition I was in," she continued. "I was so bad off I spent much of my time in bed and when I did manage to be up it was an effort for me to get around at all. My digestion was so extremely poor that I was almost afraid to touch a bite and when I did eat anything it was through force. I suffered untold agonies after eating and I felt so nauseated I could hardly breathe. Nervous spells often came on me and I couldn't sit still one minute and I lost so much sleep I was on the verge of a complete breakdown. I tried so much medicine without getting relief that I almost gave up hope and my friends and neighbors said if something wasn't done right away I would not last much longer."

"Finally, one of my friends who had been taking Tanlac advised me to try it as it had done her so much good. Well, I took her advice and as long as I live I will bless the day I began taking Tanlac for it is nothing short of remarkable how this medicine has built me up from a nervous wreck to a well and happy woman. My appetite is just fine and I can digest anything I eat without the slightest trouble at all. My nerves are just as steady as can be and I am sleeping soundly every night. I have new life and strength and I will never be able to pay the debt of gratitude I owe Tanlac for it has been one of the greatest blessings of my life."

Tanlac is sold in Paris at the People's Pharmacy. (adv)

A Copious Fall.

There are parts of the Midlands where an unrelieved drought has now been endured for two years and nine months, while in other happier spots some showers at odd intervals have been just sufficient to enable farmers to keep their heads above water.—Rand Daily Mail.

FROM FORTY-FIVE TO SIXTY

A Word of Help to Women of Middle Age From Mrs. Raney.

Morse, Okla.—"When I was 45 years old Lydia E. Pinkham's Vegetable Compound carried me through the critical period of the Change of Life in safety. I am over 60 and have raised a family of eight children and am in fine health. My daughter and daughter-in-law recommend your Vegetable Compound and I still take it occasionally myself. You are at liberty to use my name if you wish."—Mrs. ALICE RANEY, Morse, Oklahoma.

Change of Life is one of the most critical periods of a woman's existence. This good old-fashioned root and herb remedy may be relied upon to overcome the distressing symptoms which accompany it and women everywhere should remember that there is no other remedy known to carry women so successfully through this trying period as Lydia E. Pinkham's Vegetable Compound.

If you want special advice write to Lydia E. Pinkham Medicine Co. (confidential), Lynn, Mass. Your letter will be opened, read and answered by a woman and held in strict confidence.
